

## Value of Agri Industry to County Told

A stabilized economy between agriculture and industry makes for an ideal situation, Jack Dillard, farm service director of radio station KWKH of Shreveport, told more than 100 persons who crowded into Hotel Barlow dining room Tuesday for a luncheon program highlighting Farm-County Week.

The annual event was sponsored by Hope Kiwanis club, and many outstanding farmers of Southwest Arkansas were in attendance, including Mr. and Mrs. Ned Purdie Hempstead County's Farm Family of 1962.

B. N. Holt, secretary of Hope Chamber of Commerce, presented Hope Star's plaque to Mr. and Mrs. Purdie, an annual award by the newspaper for outstanding agricultural achievement. The county's 4-H club champions, Robert Cash and Genie Lee Ward, were also honored guests.

Mr. Dillard, the principal speaker, brought the following points in his talk:

"The farm dollar is the most active of all dollars in Hempstead county. It turns over seven times before leaving the community."

"Hempstead county now ranks number one in the state of Arkansas for producing beef cattle. There are 37,500 head of beef cattle in the county. There are also 18 grade-A dairies in Hempstead county and that dollar also turns over many times."

"Hempstead county normally produces 150,000 pounds of pecans each year, and soy bean production is on the increase. The county has 291,648 acres of timberland and many persons derive their livelihood from forestry."

"The University of Arkansas Experiment Station plus Lloyd Spencer's 1000-acre experiment farm has done much to stabilize agriculture and industry in Hope and Hempstead county."

"Farming is still the backbone of the county and nation—and without it it would be one of the blackest days in human history," the speaker declared.

## Search for Material Is Desperate

By CYNTHIA LOWRY  
NEW YORK (AP)—The principal sketch on last Saturday's Jackie Gleason Show was an interesting example of the way today's desperate search for comedy material can lead writers into strange pastures.

It was a spoof, of all things of "Alcoholics Anonymous," an organization dedicated to helping victims of what today widely believed to be a disease.

The skit used the phraseology generally associated with compulsive drinking, described the symptoms—merely switching the problem from over-drinking to over-eating.

The treatment was not only unfunny, but tasteless and gratuitous. Sufferers from compulsive drinking or eating must have been dismayed by the spectacle. It was part of a program the network—CBS—had labeled "satiric comedy." It was neither.

According to Webster, satire is "the use of ridicule, sarcasm etc., to attack vices, follies, etc." The Gleason sketch surely ridiculed and was sarcastic but the purpose was a build-up to a sorry gag: both victims sneaking back to the kitchen to gorge themselves.

Generally, Gleason's program was like most television programs which use a tag of "satire," and then go in for a long series of slapstick comedy sketches, imitations of Frank Sinatra or President Kennedy, and — almost inevitably — a lavish burlesque of television itself: its commercials and the popular doctor, Western and private eyes shows.

## Weather

Total 1962 precipitation through October, 43.38 inches; during the same period a year ago, 46.46 inches.

Arkansas — Partly cloudy to cloudy today and tonight with occasional rain south and east to day; clear to partly cloudy and colder Thursday; high today 55-55; low tonight 32-42.

Eastern and Southern Missouri — Fair to partly cloudy today and tonight; increasing cloudiness Thursday; cooler tonight and Thursday; high today 50 north 50 south; low tonight 31-40.

## Food, Water Are Important

THE 7TH GRADE JUNIOR HIGH MEDICAL SELF HELP Class heard Mrs. Bettie Duncan, Local Home Demonstration Agent, outline Food and Water problems any town or community can expect when faced with either natural or man-made disaster. Mrs. Duncan used a series of color slides to show where safe water for drinking, could be obtained following a nuclear attack. She also pointed out the unsafe sources of water for drinking or cooking.

Mrs. Duncan emphasized the need to set aside an emergency supply of canned and packaged foods now.

Following Mrs. Duncan's demonstration on proper handling of foods which may have been exposed to Radioactive Fallout, Allen Clark returns her correct potato peeling demonstration while Crit Stuart III shows the safe way to remove vegetables from a can by spooning out the contents.

Vincent W. Foster

Vincent W. Foster, owner of the Foster Realty Company of Hope, Ark. was elected to a three year term as a member of the board of directors of the National Association of Real Estate Boards, a 70,000 member organization, at the annual meeting in Detroit last week with over 5,000 delegates in attendance.

Foster has just completed a term as chairman of the Arkansas Real Estate Commission and served as its president in 1958. He is a director in the First National Bank in Hope.

He is a former district vice president and director of the Arkansas Real Estate Association and served as its president in 1958. He is a director in the First National Bank in Hope.

## Mail Route Will Include Hope

LITTLE ROCK (AP) — A new truck mail route between Little Rock and Gurdon has been extended to Hope, the Post Office Department announced Tuesday. The truck will arrive in Hope at 1 a. m. daily and leave for Little Rock 6:30 p. m.

## White Mill Loss Is \$144,000

NASHVILLE, Ark. (AP)—Damage of \$144,000 was estimated Tuesday from a fire which destroyed the White Manufacturing Co., plant here Monday night. Company officials said the Hardwood plant, which employed 75 persons, would be rebuilt.

## Cites Necessity of Research

LITTLE ROCK (AP)—Opportunity for research is a vital element in industrialization, a Texas manufacturer said here Tuesday.

Eric Jonsson, board chairman of Texas Instruments, Inc., told a joint meeting of the Arkansas Industrial Development Commission and the Graduate Institute of Technology's Advisory Council that state legislatures must be ready to help industry support expensive research facilities.

"In modern industry, in which research and development are so rapid, management must keep abreast of developments in line a dozen fields or it might find itself outgrown in its own field," Jonsson said.

Jonsson was instrumental in establishment at Southern Methodist University of a regional basic research facility.

## Hit, Killed by Car

OZARK, Mo. (AP)—Adron B. Bertine, 68, of Mountain View, Ark., was struck by a car and killed Tuesday night on the Finley River bridge on U.S. Highway 65 here, Police identified the driver of the car as Jessie L. Crocker, 52, of Ava, Mo.

## Dist. Peace Officers Organize

Our psychologists have misled the American Public for the past 50 years in regard to juvenile delinquency and juvenile criminals. Police Chief Max Tackett of Texarkana, Ark. told members of the Southwest Arkansas Peace Officers Association at an organizational meet here Tuesday night at the WOW hall.

As a result discipline has been completely broken down and it is becoming almost impossible to punish a juvenile 18 years and under, he declared. Knowing they can escape punishment our youths continue to flout the law, the Officer said.

There is quite a difference between juvenile pranks and juvenile criminals, and the Texarkana Chief cited a case where a youth under 15 had been arrested and had admitted to burglary a dozen times, yet had never had to pay for his deeds. He listed many other examples of vandalism and criminal acts by youths.

Mr. Tackett placed no direct blame on any judicial branch, indicating it was a combination of things over many years that has broken down discipline of American youths.

He said that psychologists give a reason for every defiant act of juveniles. As an officer I believe that knowledge that he definitely will have to pay for any crime committed will prevent many crimes by youths, Mr. Tackett said.

Some 63 officers from Pike, Hempstead, Lafayette and Miller counties attended the meeting and enjoyed a barbecue deer supper. John L. Wilson, Hope municipal judge was master of ceremonies.

New officials of the organization: Guy Downing, Arkansas State Police, president; Howard Giles, Assistant Chief at Texarkana, vice president; Wallace Martin, Hope City Force, secretary; Lawrence Sparks, State Police Radio Operator, treasurer.

## Bell Income Show Increase

ST. LOUIS (AP)—Southwestern Bell Telephone Co., reported Monday a net income of \$15,739,360 in the first nine months of 1962.

A company spokesman said this was \$10,366,744, or 9.8 per cent higher than net income of the company during the comparative period in 1961.

The firm reported operating revenue during the nine-month period of \$664,270,598—7.2 per cent higher than in the similar period last year.

Southwestern Bell operates in Arkansas, Kansas, Oklahoma, Texas, Missouri and a small portion of Illinois adjacent to St. Louis.

## Industrial Bond Issue Approved

MALVERN, Ark. (AP) — A \$7 million industrial bond issue was approved 2,464 to 382 by Hot Springs County voters Tuesday.

The money will be used to construct a plant for the Beckerman Shoe Co., of Pennsylvania. Beckerman plans to employ about 300 persons, 61 per cent of them women.

## India Leery of Sudden China Ceasefire

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—President Kennedy is sending a high powered special mission to New Delhi today to survey India's military needs in the conflict with Red China and recommended a U.S. assistance program.

In spite of a sudden Chinese cease fire move, U.S. officials expect Prime Minister Nehru to request massive U.S. aid to modernize his armed forces and raise permanently the level of his military strength.

The surprise maneuver by the Chinese Reds, however, threw an element of uncertainty into the situation. As Kennedy told a news conference Tuesday night, Washington is waiting for Nehru's own assessment of the move as a guide to further U.S. action.

He said there is no present indication that U.S. troops will be sent to India.

Kennedy said he was sending a team headed by Assistant Secretary of State W. Averell Harriman to New Delhi "in order to better assess Indian needs."

Other members of the survey team include: Assistant Secretary of Defense Paul H. Nitze, who heads international security affairs in the Defense Department, Gen. Paul D. Adams, chief of the U.S. Strike Command, which specializes in moving fully equipped troop units by air over long distances; Carl Kayser, deputy assistant to Kennedy; Roger Hillsman, State Department Intelligence chief, and James P. Grant, deputy assistant secretary of state for South Asia and the Middle East.

Harriman heads the State Department's Far Eastern section. A former ambassador and one-time governor of New York, he is a veteran of many foreign assignments and has been intimately involved in developing resistance to Communist pressures in Southeast Asia.

Harriman declined to discuss the present state of the Chinese-Indian crisis, saying that the situation is "changing every hour."

In the Chinese-Indian border war which began a month ago the United States has already supplied more than \$5 million worth of small arms, communications equipment and other materiel to the Indian forces in an effort to help Nehru stem the tide of Communist advance in the Himalayan Mountains.

Informants said that urgent new Indian requests for additional equipment have come in almost daily.

## Fog Covers Much of Arkansas

By THE ASSOCIATED PRESS  
Fog covered much of Arkansas this morning after a night of light rain overall but the northwest portion of the state.

Cloudy to partly cloudy skies were reported today and the light rain pattern had moved on eastward out of Arkansas.

Weather conditions were expected to remain the same in Arkansas through Wednesday, the U.S. Weather Bureau in Little Rock said. Temperatures are expected to rise slightly Wednesday.

Temperatures were expected to fall to near freezing tonight throughout the state. Wednesday's high temperature readings will be in the high 50s to mid 60s.

Rain was very light Monday night. Most stations reported less than one-tenth of an inch of precipitation.

Monday's high temperatures were in the 40s and a partial clearing trend Monday night caused temperatures to fall to as low as 30 at Batesville and 32 at Ozark, Mountain Home and Gilbert.

## Two Sentenced for Robbery

LITTLE ROCK (AP) — Thomas Lee Overton, 19, of North Little Rock and Bobby Anderson Stark, 20, of Little Rock, were sentenced Monday to six months in prison on charges of robbery.

The two pleaded guilty to robbery of the Arkansas Savings and Loan Association at North Little Rock Oct. 23.

The sentence was meted by Judge J. Smith Henley, who ordered a probation of 2 1/2 years to follow the prison term.

The two men got \$954 from the institution. All but 50 cents was recovered.

TOO SMALL — With Thanksgiving coming up, Bobby Fuqua of Salinas, Calif., figures he won't grow a big enough hope to get a smaller drumstick.

## Decision Hailed by UN Members

By TOM HOGE  
UNITED NATIONS, N.Y. (AP)—Delegates hailed today concessions by the United States and the Soviet Union on two main friction points over Cuba as a big step out of the crisis.

Diplomats predicted that long negotiations lay ahead before a final settlement is reached. But most felt the talks could proceed more smoothly since Premier Khrushchev has promised to pull some 30 jet bombers out of Cuba and President Kennedy countered by ordering the naval arms blockade lifted.

Many U.N. members who supported the U.S. position on Cuba have been apprehensive that the blockade might touch off an incident that could lead to a shooting war.

Many knotty problems still face U.S. and Soviet negotiating teams who have spent three weeks trying to resolve the crisis.

Kennedy stressed in his news conference Tuesday night that there still is no on site U.N. inspection to make sure the Soviet Union is living up to its side of the bargain.

Fidel Castro has agreed to let the bombers be removed from his country, but he stressed again his opposition to inspection on Cuban soil and threatened again to shoot down U.S. planes flying over Cuba on reconnaissance missions.

The President's announcement on the latest U.S.-Soviet agreements came a few hours after U.S. and Soviet negotiating teams got together at a working luncheon given by acting Secretary-General U. Thant.

The Russians were represented by Deputy Foreign Ministers Vasily V. Kuznetsov and Valerian Zorin and Ambassador Platon D. Morozov.

Castro's giving up the bombers was seen delegates as a triumph for Soviet First Deputy Premier Anastas I. Mikoyan. The Kremlin trouble shooter has spent nearly three weeks in Havana presumably trying to persuade the Cuban leader to go along with Khrushchev's pledge to get all offensive weapons out of Cuba under U.N. surveillance.

## Nikita Says Steel Not Prime Index

By GEORGE SYVERTSEN  
MOSCOW (AP)—Soviet Premier Khrushchev has told his country's Communist leaders that steel is no longer the prime index of a nation's industrial strength.

In his marathon report Monday to the Communist party Central Committee, he demanded a speed-up in the development of the Soviet Union's chemical power to produce synthetic materials that take the place of steel. The report, which Khrushchev took more than six hours to read, was published today.

Khrushchev's sharp departure from traditional Communist emphasis on steel production as the basis of industrialization startled Western observers here.

The Soviet leader coupled his repudiation of the primacy of steel with a bitter attack on conservative members of the nation's leading planning organs. He accused them of neglecting the chemical industry.

Khrushchev said that although the Soviet Union is exceeding its steel production goals, its targets for the production of synthetic materials are not being met.

He said that if steel production plans were met and targets for synthetic materials overfulfilled, "We would be considerably richer."

"But it is difficult to do this because there are people who hold back those who want to rationally change the work quotas for steel production in favor of synthetic materials," he said.

Khrushchev's remarks contrasted sharply with recent Soviet elation over reports of having produced more steel than the United States in the third quarter of this year—18.9 million metric tons of steel to the United States' 18.6 million metric tons.

The Russians ignored the fact that American steel production was less than 50 per cent of capacity. They also failed to point out that their own production was behind this year's annual production schedule.

## Russia to Remove Planes, Blockade of Cuba Called Off

By WHITNEY SHOEMAKER

WASHINGTON (AP)—President Kennedy, saying there is reason for gratitude in this Thanksgiving week, has called off the U.S. blockade of Cuba in return for promised removal of Soviet bombers from the island.

Serious problems remain, Kennedy emphasized Tuesday night at his first news conference since the Cuban crisis spread jitters around the world.

Until arrangements are made to verify the withdrawal of Soviet missiles and planes, preferably by inspection on the spot, he said the United States will do its own checking on military activity in Cuba.

He clearly meant that among other measures this country would continue to send out reconnaissance planes to guard against another buildup in Cuba, despite Prime Minister Fidel Castro's threat to shoot them down.

Yet, with the manner of a man reporting the worst is over, Kennedy said real progress has been made—and a complete settlement could open the door to solution of other east-west issues.

Philosophically, he added: "In this week of Thanksgiving, there is much for which we can be grateful as we look back to where we stood only four weeks ago—the unity of this hemisphere, the support of our allies and the calm determination of the American people. These qualities may be tested many more times in this decade, but we have increased reason to be confident that those qualities will continue to serve the cause of freedom with distinction in the years to come."

The news conference, his first in nearly 10 weeks, was carried by national radio and television networks.

Kennedy opened the session with the dramatic announcement that Soviet Premier Khrushchev had just promised in a personal message to pull out all 112 jet bombers within 30 days.

Khrushchev reportedly had placed 30-odd IL28s in Cuba. He also agreed to permit the planes to be observed and counted as they go. Authorities indicated the Russians would need 30 days in which to dismantle the planes, crate them and get ships to Cuba to haul them home.

"Inasmuch as this goes a long way towards reducing the danger which faced this hemisphere four weeks ago," Kennedy said, "I have this afternoon instructed the secretary of defense to lift our naval quarantine."

As expected, Cuba and thorns still sticking out of the crisis dominated the half hour in a room crowded with correspondents. But the President made other significant news.

He announced he had signed the long-awaited order to ban discrimination in federally aided housing.

He said a team headed by W. Averell Harriman, assistant secretary of state for Far Eastern affairs, was leaving for New Delhi to determine India's needs in its undeclared frontier war with Communist China.

Responding to criticism of administration information practices, he said the government would clamp down on sensitive matters, especially in the intelligence field, but otherwise would lift any restraints from the free flow of news.

## Says U.S. Plane Flew Over Cuba

KEY WEST, Fla. (AP)—Havana radio charged today a "Yankee plane" flew over a Cuban merchant ship Monday on the high seas southwest of Bermuda and dropped 10 bombs, some of which exploded 50 feet above the vessel.

The radio said the ship, the Rio Damuji, reported by radio that the bombing was preceded by 72 hours of "pirate checks" by U.S. planes and vessels.

In Washington, a spokesman for the Pentagon denied that any U.S. plane was involved.

The Rio Damuji, carrying potatoes to Cuba, was undamaged, the radio said, and none of its 33 crew members was injured. The port from which it set out was not given.

There was no mention of return fire from the merchantman, listed in Lloyd's Shipping Registry as a 2,891-ton craft with Havana as its home port.

## Thanksgiving Observance on Thursday

By THE ASSOCIATED PRESS

It makes no difference where Americans are—whether at home, in hospitals or stationed around the world with the armed forces—they'll have a lot to be thankful for Thursday.

Along with the feasting, Thanksgiving Day will be a day of prayer.

President Kennedy gave this Thanksgiving thought at his news conference Tuesday night: "There is much for which we can be grateful as we look back to where we stood only four weeks ago—the unity of this hemisphere, the support of our allies and the calm determination of the American people."

There are other things the President did not mention: For one thing, the United States still is at peace. Perhaps it has been a bit shaky in the past several weeks, what with the Cuban crisis and all, at least there's no immediate danger of any American having to eat his turkey in a bomb shelter.

For another thing, the nation still is a land of plenty. Americans can still pray in the religion of our choice—the idea behind the Pilgrims' migration to this country.

In Plymouth, Mass., where the Pilgrims settled on Dec. 21, 1620, the city will carry on its traditional observance of Thanksgiving—first celebrated by the Pilgrims in 1920.

Each child will be given a Pilgrim hat at Plymouth's Pilgrim Hall, where refreshments will be served during an open house. A re-creation of the Pilgrim ship, Mayflower II, will be on display.

Along the harbor front, where Plymouth Rock provided the stepping stone to the New World, a drum roll will signal the start of the annual Pilgrim's Progress march to a church where a religious service will be held.

In another part of Massachusetts, at Hyannis Port, President and Mrs. Kennedy and their two children plan to spend the four-day Thanksgiving weekend at the family home with the rest of the Kennedy clan.

Away from home, American servicemen will feast on 12,000 turkeys and all the trimmings from shrimp cocktail to after-dinner mints, the Defense Department said.

Although the military is being kept on alert on the holiday, some servicemen will be able to enjoy Thanksgiving meals with their families.

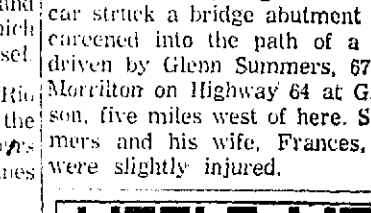

## 18.5 Million Chicks Started

LITTLE ROCK (AP)—Commercial hatcheries in Arkansas produced 18,500,000 chicks during October, 19 per cent more than in the same month last year, the Crop Reporting Service of the Agriculture Department reported today.

Egg-type production of 728,000 chicks during October was up 41 per cent over a year ago while the 17,663,000 broiler chicks hatched were 18 per cent higher.

## Dies in Wreck

CONWAY, Ark. (AP)—Jason M. Adams, 48, of Conway, was fatally injured Tuesday night when his car struck a bridge abutment and careened into the path of a car driven by Glenn Summers, 67, of Marlinton on Highway 64 at Gleason, five miles west of here. Summers and his wife, Frances, 24 were slightly injured.

The fellow who laughs at the foreman's jokes may not have a sense of humor, but he has sense.

# Bobcats Travel to Nashville for Final Game

By VINCE FOSTER

Thanksgiving Day at 2 p. m. the Hope Bobcats stage their final and probably their hardest game of the season at Nashville. This old Turkey Day rivalry should be especially interesting because the Cats have one of their best teams in years and the Scorpions are undefeated going into this game. Nashville runs a variation of offense with numerous plays; the fans can expect to see everything from a single wing to a double wing to a straight T and each one run with perfection. Jones, the QB, is a football rookie but you could never tell it by watching him. The setback, as Nashville always has at least one, is Charlie Pinkston, 140 pounds of greased lightning. The FB Tollett and the RHB Bratton are the powers with enough speed to make them dangerous wide as well as through the middle. It's hard to beat an unbeaten team on their last game; it's really hard to beat them if that team happens to be Nashville.

The Bobcats seem to be ready. They had a good workout with Arkadelphia last week, but for the past month this Nashville game has been heavy on their minds. The ability is certainly there; the Bobcats showed that when they humbled highly rated DeQueen 39-12 and when they whipped the Camden powers 21-6. Undoubtedly the Scorpions haven't yet played a team like the Bobcats are capable of being. The Hope defense will be hard to crack. They haven't allowed a team over 13 points yet. The offensive backfield should be ready since there is so much depth there, shown by the fact that 12 boys have taken part in Hope scoring in eleven games. The only question mark has been in that offensive line. When they hit hard and have a good game, you can expect plenty of Hope scoring. This is how the teams compare by weights with Hope listed first: Ends, Murphy at 180 and Thrash at 135 against Glasgow at 150 and Blain at 155; Tackles, Good at 205 and Beyerley at 205 against Cearley at 180 and Cowling at 170; Guards, Purdie at 165 and Butler at 190 or Beggs at 185 against Graves and Afford at 150 each; Center, Jones at 195 against Lovels at 150; Quarterback, McElarty at 155 or Mayfield at 135 against Jones at 155; Fullback, McDowell at 175 against Tollett at 160; Halfbacks, Porterfield at 165 and Wray at 160 against Pinkston at 140 and Bratton at 153. Although the Bobcats outweigh Nashville about 18 pound per man, anyone will verify that the Scorpions, who are well named, will just about make up for a twenty pound deficit in speed, aggressiveness, and determination. It should be an interesting Thursday afternoon. For the best in local football, follow the Cats to Nashville and watch a real thriller.

## Fight Results

By THE ASSOCIATED PRESS

SAN JOSE, Calif. — Luis Molina, 130½, San Jose, knocked out Al Medrano, 130, Sacramento, 7. LEICESTER, England — Jose Gonzalez, 122½, won on disqualification over Billy Walker, 192, England, 3. # Porks to Look a Defensive Assignments

PAYETTEVILLE, Ark. (AP)—

The Arkansas Razorbacks will take a look today at defensive alignments of Texas Tech, the foe in Saturday's season closer at Lubbock. Coach Frank Broyles has scheduled a 90-minute drill, the last serious workout before the game. The Hogs will work briefly Thursday morning, then take the afternoon off to watch the Texas Tech A&M game on television. If Texas A&M wins, the Razorbacks can claim an unprecedented fourth straight Southwest Conference title by beating Tech. The Red Raiders are not expected to provide much opposition. They won their first game of the season last Saturday against Colorado.

The Razorbacks drilled for 90 minutes Tuesday on play polishing and fundamentals. Linebacker Tommy Brasher worked in pads for the first time since he was hurt in the Texas A&M game three weeks ago. He will play against Tech.

## Picking the Winners in Football

By HAROLD CLAASSEN

Associated Press Sports Writer

NEW YORK (AP)—Picking this week's college football winners out of the second helping of turkey stuffing. Last weekend the figures were 42-12 for 777 which left the seasonal totals at 302-105 for .776. Southern California over UCLA: The Trojans need this one to insure their Jan. 1 Rose Bowl engagement. Southern Cal has two quarterbacks of almost equal ability plus Hal Bedsole, a pass catching end.

Minnesota over Wisconsin: The Gophers can't go to the Rose Bowl again but a triumph here would clinch the Big Ten title for them. It will be a bruiser. Texas over Texas A&M: Your Thanksgiving Day TV morsel. The Longhorns have too much balance. Arkansas over Texas Tech: The Porks sail into a bowl picture at the expense of the hapless Tech Raiders. Louisiana State over Tulane: This has been a traditional game for years but in recent years the only tradition about it is that LSU doesn't lose against the Greentons. Penn State over Pittsburgh: Army beat Penn State and lost to Pittsburgh but the pick here is Penn State with relative ease. Oklahoma over Nebraska: The revived Sooners have manhandled their last five opponents 176-7. Arizona State over Arizona: State has the better record despite a tougher schedule. Dartmouth over Princeton: Bill King and Don McKinnon are two of the best football players in the East. Both wear Dartmouth uniforms.

Duke over North Carolina: A victory or a tie gives the Blue Devils a third straight Atlantic Coast Conference championship. Michigan State over Illinois: If the Spartans learn how to keep the ball without fumbling the

Rudolph Bent, 154½, British Honduras, 0. BEAUMONT, Tex. — Lou Guiterrez, 160, Nicaragua, knocked out George Lee, 160, New Orleans, 0. NEW YORK — Teddy Pagan, 150, Puerto Rico, outpointed Willie Davis, 159½, Philadelphia, 8.

## OUR ANCESTORS

by Quincy

"What do you do when you can't sleep at night, Raoul?"

# Hope Star SPORTS

## Six Bobcats Named to All District Team

The Arkansas Athletic Association today released its annual all district selections and six Bobcats were named to the two teams. Hope placed five men on the defensive unit and only one on the offensive unit. The voting was close with several ties and many players nominated were just a vote away from the making the all star crew.

For instance Hope's Chick Beyerley was in the race for all district offensive tackle right down to the wire. There were 10 players nominated for the position and he was third man, only team. His selection would have given Hope two on the offensive unit. David Porterfield was named to the offensive team and was selected the outstanding back in the district. Donnie Vaughan was picked defense end; Jerry Goad defensive tackle; Jimmy Walker in a three way tie for man over center; Church Beggs in a six way tie for defensive linebacker and Roy Wray was named a defensive back.

score could climb high. Missouri over Kansas: Johnny Roland gives the Tigers an edge in the midland's version of the Harvard-Yale game. Washington over Washington State: The Huskies still could squeeze into the Rose Bowl if they conquer their cross state rivals. Miami over Northwestern: The Hurricanes love to manhandle Big Ten teams and they are proud of their George Mira, a pass-tossing quarterback. With Tom Myers in the Wildcat line-up, it should be a pitchers' battle. This is a Friday night affair.

## Guernsey Sr. Boys Beat Willisville

Guernsey Senior boys downed the Willisville boys 60 to 55 last night but didn't fare so well in two other games. Griffin led Guernsey with 20 and Almond made 19 for the visitors.

Willisville's Herring scored 13 points in a 37 to 22 win over the Guernsey Senior girls game. Powell made nine for Guernsey.

Willisville Junior girls downed Guernsey 41 to 23. Colburns tossed in 13 for the loser but Crank made 19 for the visitors.

## Texas and A&M Meet Thursday

AUSTIN, Tex. (AP) — Fourth-ranked Texas entertains arch-rival Texas A&M here Thursday with three goals in mind—its first undisputed Southwest Conference football title under Coach Darrell Royal, a place in the Cotton Bowl, and the school's first unbeaten season since 1923.

All three would result from a victory for the Longhorns, who have won eight games and tied one (14-4 with Rice) so far. The Aggies are well aware that the favorite—and Texas is rated better by about two touchdowns—often gets its lumps in this series. Texas spoiled unbeaten Aggie records in 198, 920, 940, 04 and 943.

Since the game became a Thanksgiving fixture in 1916, A&M has beaten Texas only once at Austin. That was in the first year, when Texas fell 34-21. The Aggies came up to the game with a 3-6 record. The Texas-Texas A&M clash, to be televised nationally (CBS), is one of six major games on the Thanksgiving Day schedule. The others are Tulsa-Wichita, Virginia Tech-Virginia Military, Montana-Colorado State U., Richmond-William and Mary, and Wake Forest-North Carolina State.

## Retroactive Award to Rider

NEW YORK (AP) — Johnny Longden, perennial patriarch of the Jockeys' room, will receive a retroactive award during the 21st meeting of the Thoroughbred Racing Association when he is received into the 3,000-Plus Club. The TRA opens its annual convocation at Phoenix, Ariz., Nov. 29. Longden actually rode his 3,000th winner at Bay Meadows on April 23, 1948 and now is working toward his 6,000th winner but the award was only inaugurated last year.

## Legal Notice

The annual school election will be held by the qualified electors of the Washington School District No. 12 of Hempstead County on Tuesday, December 4, 1962, between the hours of 8:00 a.m. and 6:30 p.m. The electors will vote a school tax of 34 mills to be levied for debt service and general fund for the operation of schools of said district, for one board member to be elected for Post No. 1 for a period of five years. The polling places in the district will be the same as heretofore designated.

# Defense Hero for the Green Bay Packers

By JACK CLARY

Associated Press Sports Writer  
It's not Jim Taylor, Bart Starr or Paul Hornung who wears the hero tag today in Green Bay. A young defensive back named Herb Adderley has played Mr. Clutch for the second time this year to keep the Packers' championship express highballing at record-making speed into their crucial Thanksgiving Day clash with the Detroit Lions.

Adderley broke the backs of the ambitious Baltimore Colts three times Sunday and shrugged off a close call with the tag of "goat" as Green Bay rolled to its 10th straight 9-2 victory, and 8th in all competition since last year, with a 17-3 win.

The Michigan State grade, who was the Packers' No. 1 draft choice two years ago, joined four lesser lights, three of them field goal specialists, in other National Football League victory-making performances.

Don Chandler kicked four field goals for the Eastern Conference-leading New York Giants in a 19-4 victory over the Philadelphia Eagles. Pittsburgh's Lou Michaels booted his third of the game with 13 seconds to play in the Steelers' 23-21 victory over the Washington Redskins. The Chicago Bears Roger Leclerc hit one from 12 yards out in the last 31 seconds for a 34-33 win against the Dallas Cowboys.

Quarterback Earl Morrall came off the bench in the second half and fired the Lions to a 17-6 win against the Minnesota Vikings. In other games, Cleveland rolled over St. Louis 38-14 and the San Francisco 49ers defeated Los Angeles 24-17.

In the American League, Dallas kept the lead in the Western Division with a 2-3 win over Denver, Houston took over first place in the East by socking Boston 2-7 and Buffalo beat Oakland 0-6. Baltimore (5-5) and the Lions (8-2) are both members of the "I remember Adderley club."

Against the Lions last month, he intercepted a Milt Papp pass in the final minute and set up Hornung's game-winning goal. Sunday against the Colts, he ran back a kickoff 103 yards for a touchdown in the first period following Dick Bielecki's field goal. Later in the period, he intercepted a Johnny Unitas pass and set up Jerry Kramer's field goal for a 10-7 lead. Then, in the final minutes of the game and the Colts on Green Bay's 2-yard line, he deflected a fourth down pass by Unitas.

After the Philadelphia Eagles (11-8) had gone ahead 14-0 in the first period, Chandler got the rest of the Giants points with his toe, setting a club record and coming within one of an NFL game mark. The victory left New York with a two-game lead over the Redskins, whom they play next week in Washington. The Eagles lost Hopalong Cassidy for the year with a broken leg.

# Nashville Is Picked to Edge Hope

By BILL SIMMONS

Associated Press Staff Writer  
Predicting Thanksgiving Day football is a dangerous business. Upsets occur more often in Turkey Day games than at any other time, because of the enthusiasm such rivalries arouse in teams and their backers.

Frequently, as in all great rivalries, the best team—physically, speaking—does not win. Thanksgiving Day has a way of making good teams great ones, and mediocre teams good ones.

We haven't done badly for the year—803 as an average to this point—and, having thus acknowledged our precarious position, we plunge forward for the final time. El Dorado 12, Camden 7. The Big Nine Conference team will get up for this one, and will play the type of football of which it is capable. It won't be easy.

Little Rock Hall 14, Little Rock Central 6. The Warriors are notch above Central in the Big Nine standings, and we believe they will stay there.

Little Rock Catholic 7, North Little Rock 6. The winning margin has never been great in this one, and it should be exceptionally close this year.

Pine Bluff 14, Stuttgart 0. Barring something fantastic, we think this is a safe selection.

Helena 20, Marianna 14. Depending on how the Indians feel about losing to Jonesboro.

Newport 12, Batesville 7. The Greyhounds have just a little more than a good Class A team can stop.

Conway 21, Morrilton 3. The Wampus Cats want the Region 3AA championship.

Crossett 7, Hamburg 0. The statistics say it should be this way. Nashville 7, Hope 6. Believing in perfect seasons.

Earle 13, Parkin 0. Just a hunch. Clarendon 12, Holly Grove 7. It would be just as good to reverse the positions of the teams.

Hazen 13, Des Arc 6. Too much stinging to the Hornets.

Warren 3, Fordyce 0. This probably the most dangerous game to pick, but it gets settled tonight.

Walnut Ridge 12, Pocahontas 0. The breaks will settle it.

McGehee 6, Dermott 0. A flip of the coin.

Star City 7, Dumas 0. Those ding-dong daddies are gonna get their bell rung.

Eudora 13, Lake Village 0. A bad pick, maybe.

# Refugees Scatter Over U.S.

By THEODORE A. EDIGER

MIAMI, Fla. (AP)—Cuban refugees, concentrated in Miami during the early stages of their flight from Fidel Castro's dictatorship, are scattered throughout the nation.

When Fernando Hernandez, 25, left this month with his wife and 8-month old daughter to start life anew in Los Angeles, he became the 50,000th refugee resettled from Miami to other cities.

The 50,000 are in every state except Alaska, and in Puerto Rico and the Virgin Islands. More than twice that number remain in the Miami area.

More than 2,000 babies have been born in the United States of Cuban refugee parents. They are native American citizens. Thousands of other babies have been brought from Cuba by plane and boat.

"The Cuban refugee situation has wider impact than any other such movement in the last decade," said resettlement director J. Arthur Lazell, who also worked with the Hungarian refugees in 1956-58.

When the day comes the Cubans can return—and refugees generally believe it will not be long—how many will go home?

Lazell believes 10 to 15 per cent will remain in the United States. That means well over 2,000 in Miami and between 5,000 and 7,500 elsewhere. Other estimates are higher.

Since most exiles have refugee status rather than immigrant status, congressional action may be required to facilitate their continued U.S. residence. Such action was taken for Hungarians in 1958, and 38,000 still are in America.

Uncle Sam has spent some \$60 million in relief for the Cubans. More than \$2 million monthly goes to the Miami area.

Federal relief payments amount to a \$100 maximum per family, with the average \$90, and a \$60 maximum per individual, averaging \$54. There are additional state food grants.

To help Cubans resettle outside refugee-congested Miami, where most cannot find jobs, the government pays plane fare and \$100 per family to get started.

## Stamp Program Gets Approval

LITTLE ROCK (AP) — Gov. Orval E. Faubus has approved testing of a federal food stamp plan in Independence County. The plan, which would replace the federal surplus commodities distribution program while it is in effect, will take from 60 to 90 days to implement, Welfare Department officials said.

The county was designated Aug. 2 by the governor as a test area for the plan. Faubus and welfare officials had expressed concern about the effect of the plan on the state's welfare program.

Faubus said Monday the plan would not affect welfare checks and that it was not compulsory for elderly people to take part in the program.

Under the plan participants purchase the stamps with funds ordinarily budgeted for food. The stamps increase the purchasing power of the money.

## State Travelogue Film Is Ready

By THE ASSOCIATED PRESS

LITTLE ROCK (AP) — Copies of "Wonders of Arkansas," an 18-minute travelogue film, were delivered to the Arkansas Publicity and Parks Commission Tuesday by Columbia Pictures Corp. The film, which depicts Arkansas industry, tourist attractions and internationally.

million in relief for the Cubans. More than \$2 million monthly goes to the Miami area.

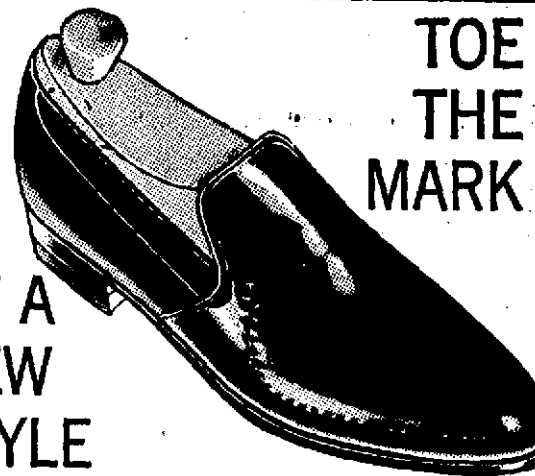

Federal relief payments amount to a \$100 maximum per family, with the average \$90, and a \$60 maximum per individual, averaging \$54. There are additional state food grants.

To help Cubans resettle outside refugee-congested Miami, where most cannot find jobs, the government pays plane fare and \$100 per family to get started.

**We Have a STAKE Here**

**KANSAS CITY SOUTHERN Lines**

IN THIS COMMUNITY, and scores more linked by Kansas City Southern Lines, we have a stake—based upon decades of planning and work, and the investment of many millions of dollars.

In cooperation with others who seek to build a better neighborhood, a better city, a better life, our contributions to schools...state, county and municipal services...streets and highways...employment and general business...have been immense. We, too, of course, have profited from our endeavors, and are appreciative of the cooperation that has made this possible.

Yes—we have a stake here—and we believe the people of this community have a stake in our company and other enterprises that have contributed so much to the general welfare through the years.

We ask you, then, to look upon Kansas City Southern Lines and their employees as good citizens—interested in the community's welfare...worthy of careful consideration whenever you travel or have goods to ship!

## New Trial Ordered in Land Case

By JOHN R. STARR

LITTLE ROCK (AP)—The Arkansas Supreme Court ordered a new trial today in an Arkansas County case involving ownership of 30 acres of land.

Arkansas Circuit Court had ruled the property belonged to George Best and other relatives of Mertice Miller, who was undisputed owner when he died without leaving a will in 1935.

Best brought suit against Jim Miller and two other brothers of Tom Miller, husband of Mertice Miller, who retained possession of the property after the death.

In dispute was a deed executed by Tom Miller in 1952 conveying the property to his three brothers on his death. He died in 1955.

The lower court verdict was overruled on only one point, that the property was inadequately described in the proceedings and thus neither party could prove ownership of it.

In a Union County property case, the Supreme Court upheld a Chancery Court decision that sale of 40 acres by Levi Richard to Walter J. Smith for \$2,000 was a valid transaction.

Roy J. Richard, son of Levi Richard, sought to have the transaction voided on ground his father was incompetent at the time of the sale.

A White Circuit Court verdict awarding a judgment against F. M. Woodard and B. A. Yount in an automobile accident case was reversed and dismissed.

A lower court jury awarded \$1,362 to Donald L. Holliday, \$6,298 to Priscilla Holliday and \$858 to Lois Holliday.

The Supreme Court said trial testimony failed to prove Woodard and Yount were jointly liable. A car owned by Lois Holliday and driven by Donald Holliday with Priscilla Holliday as a passenger and a car driven by Yount with Woodard as a passenger collided April 13, 1959, on highways 64-67 near Judsonia.

Yount and Woodard were employees of the West Bend Aluminum Co., which the court said paid \$5,000 to the Hollidays in an out-of-court settlement.

A lower court decision to allow the \$5,000 paid by West Bend to be credited against the total judgment was affirmed.

In another automobile accident case, the Supreme Court reversed and remanded to Ouachita Circuit Court a suit in which the lower court directed a verdict for Raymond Porchia, who was sued by Mrs. J. W. Wagon.

Automobiles driven by Porchia and Mrs. Wagon's husband collided on U.S. Highway 79 on July 30, 1960. Wagon was killed.

The Supreme Court said the trial court erred in refusing to permit a witness, Gene Kesner, to testify about how fast Porchia was driving just before the accident and in permitting Porchia's attorney to tell the jury that Wagon's insurance company had paid Porchia a settlement for his damages.

A \$2,009 judgment awarded Mrs. Arlene Johnson in Sebastian Circuit Court for injuries suffered in an automobile accident were affirmed. Mrs. Johnson was hurt when her car collided with one driven by George Schroeder. The judgment was against Schroeder in a Pulaski County case, the Supreme Court upheld a lower court order directing the estate of Ward M. Black of pay \$2,500 to attorneys who represented the estate while Cleo Thompson, was its administratrix under a will later declared invalid.

## Moral Rot Is Laid to Segregation

PINE BLUFF, Ark. (AP)—

Moves to delay the process of desegregation are "the real moral rot at the heart of America," a high-ranking official in the National Association for the Advancement of Colored People declared Sunday.

Jack Greenberg, director-counsel of the NAACP's Legal Defense and Educational Fund, told a meeting of the Arkansas branches of the NAACP here Sunday the responsible citizens in communities are partly to blame because "they lie to little children."

"They don't come right out and say 'I don't like your race so I won't let you go to school.' They got about it in a more slick way. This is the real moral rot at the heart of America," he said.

Desegregation battles at Oxford, Miss., New Orleans and Little Rock were easy to win because the issues were refined to a direct affront by the states on the supremacy of the United States Constitution, Greenberg said.

But the NAACP's job is made more difficult by pupil placement laws, gerrymandering of school attendance areas and other legal moves that require a good deal of time to settle, he said.

"Each of these steps delays the desegregation process," Greenberg declared. "A delay is a part after the battle won up."

To Be Continued

tial victory for segregationists. We on the other hand, must strive for speed."

Another official, Gloster Current of New York City, called the Arkansas Congressional delegation "a bunch of segregationists, every last one of them."

Current, national director of the NAACP branches, said most Negroes vote a straight Democratic ticket and must be urged to vote a split ticket. He said the Negro ballot could win victories for the Negro race.

He called the coalition of Southern Democrats and conservative Republicans in the North "diabolical."

Senators rules which allow the filibuster.

Southern Senators used the filibuster to fight an anti-poll tax bill in the past session.

Mrs. L. C. Bates, who headed the Arkansas branches of the NAACP during the 1957 integration crisis at Little Rock, spoke briefly at the meeting and signed copies of her book, "The Long Shadow of Little Rock."

At a session Saturday George Howard, a Pine Bluff attorney, was elected president of the group. The organization also approved support of a suit to desegregate Pine Bluff schools.

cal" and said "no one is going to get any Civil Rights legislation through Congress until they are turned out of office."

Greenberg aided James H. Meredith in his efforts to enroll this fall at the University of Mississippi. He said Meredith as "remained the calmest of the calm under fire." He also said Meredith, first Negro to enroll at Ole Miss, is keeping up in his classes.

Current said Negroes supported President Kennedy at the polls in the last congressional election and the White House should, in return, support a move to abolish

## Man Charged in Extortion Plot

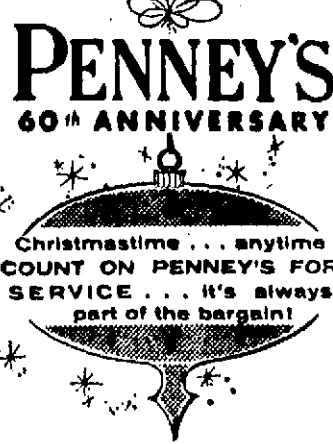

Memphis (AP)—An Arizona man charged with a \$75,000 extortion plot waived extradition proceedings Monday and will be returned to Phoenix to face a federal grand jury.

Clarence Lee Wright, 46, was arrested last week and charged with trying to extort ransom for the return of a man who has been missing since a Phoenix bank robbery last month. Wright's Memphis girl friend, Wilma Bo-

mar, 26, was charged as an accessory.

Wright was arrested by FBI agents when he picked up a package mailed to the Memphis post office in response to ransom demands. W. W. Clore Sr., of Phoenix mailed the package after a male caller demanded \$75,000 ransom for his son, W. W. Clore Jr., who is believed kidnapped.

Miss Bomar, who drove Wright's car to the post office, has said she was a victim of circumstances and knew nothing of the extortion plot. She will have a U.S. commissioner's hearing Dec. 3.

BRUSHED NYLON 'N BEMBERG® RAYON BLEND WARMS AS IT CUDDLES

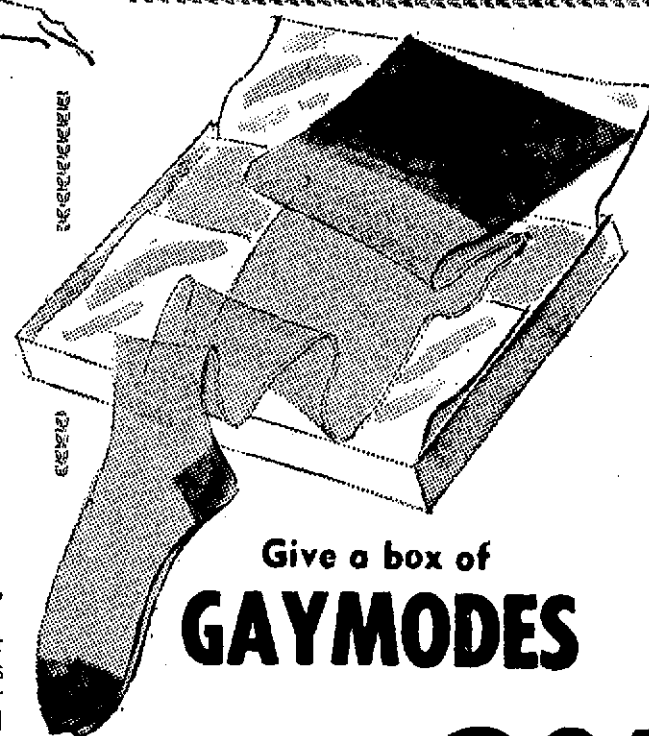

Peach soft treatment for nylon and Bemberg® rayon that provides a chic kind of sleep-time warmth! Pick butcher-boy pajamas, long granny gowns or short shift gowns! We show razz-ma-tazz rufflers at 5.95 but there's a wonderful selection of elegant embroidered and light-hearted lace trims at only 4.98 too! Pink, blue, aqua... all deliciously delightful in sizes 32 to 40.

Special Buy Holiday Candy! 2 boxes \$1
